Exciting Prize Draws and Offers Galore at CTN World

Free product worth hundreds of pounds, a new EPoS system, laptops and cash prizes are all up for grabs for visitors to this year's CTN World.

Exhibitors are unveiling a host of exciting initiatives as the countdown begins to this year's exhibition, which is taking place on November 21 and 22 at the new venue of the Ricoh Arena, Coventry.

Five lucky retailers visiting the Booker stand have the chance to win the entire Euroshopper range, worth more than £350 at rrp, in a free draw.

NFRN Mutual and trade partner Reposs Limited are giving retailers the chance to win an EPoS system worth £3,000 by answering a simple multiple choice question at the NFRN Mutual stand during the show.

There is a chance to win a laptop in a free draw at the NFRN Commercial stand while Newtrade Publishing is giving away £100 on both show days.

Meanwhile visitors to the Ferrero stand can benefit from a free Rocher vertical cabinet.

As the only national exhibition aimed specifically at the independent news and convenience retailer, CTN World provides a unique opportunity to meet major suppliers, publishers and wholesalers face-to-face to discuss new ideas and opportunities, resolve problems and see at first hand all the latest products.

NFRN National President Parminder Singh said: "CTN World is a must for independents. This year's show is packed with new ideas and some great and not to be repeated show offers and deals to help you boost your business. Don't miss out."
